ABOUT THE COLLEGE

SLC, a co-educational constituent college of the University of Delhi, was established in 1964. SLC being the oldest and pioneer college in East Delhi has been catering to the holistic educational requirements of the young generation. The College is rapidly emerging as a prominent educational institution of the University and has earned its legitimate claim as the most efficient and complete educational institution in the relatively less developed East Delhi region. The endeavour of the College has always been to make higher education more enjoyable, job oriented, meaningful and practical, and at the same time more adaptable to the ever changing demands of our society.

ABOUT IQAC

Internal Quality Assurance Cell (IQAC) has been actively pursuing quality sustenance measures to ensure excellence in academic endeavour. In that context, IQAC becomes a part of the institution's system and works towards realization of the goals of quality enhancement and improvement. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of the institution.

FDP THEME

This FDP has been planned with the aim of disseminating knowledge in frontier areas in physical sciences leading to skill building and enhancement of a larger academic community. Motivating next generation teachers for developing India's capacity in research and innovation is the need of the hour. This program aims at bringing teaching, learning and research in both experimental and theoretical communities together and provide a platform for imparting/sharing various developments/trends in contemporary areas in PHYSICAL SCIENCES. For an effective faculty development, three conditions have been identified as necessary.

1. The person must have a desire to change
2. Knowledge of what to do and how to do it.
3. A supportive work environment

Fortunately, the first two conditions can potentially be achieved through such faculty development programs and Shyam Lal College (SLC), under its able leadership, has emerged as a promising institution for fulfilling the last condition towards a successful faculty development and enrichment. This program aims to attract capable and creative community of scholars and enhance their skills for better classroom engagements and research.

OBJECTIVES

1. Preparing faculty members towards rapid changes and shifting paradigms in science education
2. Focus on "Learning by Doing" as always the key to scientific temperament.
3. Effective classroom engagements
4. Overall improvement in performance of faculty members in learning, research and administration.

EXPECTED OUTCOMES

1. Exposure to new domain of knowledge.
2. Increase in confidence, motivation and enthusiasm.
3. Instructional development, professional/ career advancement and organizational enhancement.
4. Use of latest technologies in classroom.
5. Exposure towards quality publications.

WHO SHOULD PARTICIPATE

Teaching Faculties of Universities and Associated colleges, Research scholars and Scientists

FDP TRACKS

There will be two sessions on all days, a general session which will be beneficial for overall improvement in teaching methodology inside the class rooms or research methodology. The second session will be subject oriented conducted by subject experts from academic organizations of high repute which would enhance the knowledge of faculty about recent developments in their subject of study. This would in turn benefit the students to face the challenges in their respective fields.

Some of the relevant areas which will be covered in this program though not limited to these only are as under:

1. Green chemistry and environment issues
2. Developing smart projects using digital electronics
3. Advanced mathematical techniques
4. Knowledge of statistical tools in Research
5. Information and communication technology
6. Hands on training for Paper development and publication
7. Computational skills for Advancement
8. Developing Professional Ethics, Values and Communication skills
9. Hands on Innovation for effective classroom engagement

REGISTRATION

Registration Fee 1500/-

The registration fee may be sent in the form of Demand Draft in favour of "Principal, Shyam Lal College", payable at Delhi. The registration fee (with the name of the participant and the title of the FDP stated in the covering letter) should reach the Principal at the office address. The registration fee can also be paid through electronic money transfer system and confirmation of such transaction is to be intimated by sending the snapshot and UTR No. of your transaction to slcfdp.sc@gmail.com with "Payment Registration Fee" as the subject. The required details for such transfers are:

1. Name : Shyam Lal College
2. Banker Name : Central Bank of India
3. Address : G.T. Road, Shahdara, Delhi-110032
4. IFSC Code : CBIN0283941
5. Account Type : S/B
6. Account Number : 1247800135
