UNIVERSITY CHEF: A JOURNEY

Cooking may be a daily routine for many of us. While some of us may just want to enjoy the delicacies of food, some of us may like to experiment with cooking whereas some may just follow the traditional methods of cooking. Whatever way we treat cooking, it always remains an area of huge enthusiasm, adventure and creativity.

Every culinary experience is a voyage into another world: a world which offers its own magic with creative delight, the inner joy and love involved in the act, and of course the end result which could be a huge subject of curiosity as to how a particular dish will taste, how will it be received, the personal satisfaction level of the chef and so on. Awards and credits definitely follow next. The best of the culinary magic happens to be driven by an inner desire and love to cook, by the enthusiasm involved and the sheer happiness that a chef gets when food lovers are happy tasting his/her dish. We are quite familiar with hugely popular TV culinary competitions such as **MasterChef Australia, MasterChef India** and various food programmes that have lured our attention well into this field.

University Chef is a unique initiative taken up by Shyam Lal College in the year 2015. The initiative was ushered under the creative patronage of the Principal, **Dr. Rabi Narayan Kar** and supported massively by college fraternity

including the teaching faculty, the students and the non-teaching staff.

The two previous editions of University Chef were huge success! The teams (coming from various DU Colleges and other Institutions) were given to prepare and present a complete 3-course meal within a stipulated time frame. Also, at another level they were given Mystery Boxes and were asked to create a main dish out of the given ingredients from the Box and a side salad dish. What a delightful culinary experience it has been for us hosting the two editions so far!

Celebrity **CHEF NITA MEHTA** was part of the previous two editions as a distinguished Jury member and as a Guest of Honour, of course, other than prominent Chefs and hoteliers such as Chef Mr. Mukesh Kumar from Hotel Samrat (ITDC) and Ms. Veeta Singh from Hotel Janpat (ITDC) with Mr. Jatin Khurana of MasterChef India Season 5 (One of the top 5 contestants) as another member of the Jury at the mega event. We expect the same jury in the current edition too.

University Chef is SLC's flagship event which had all the required buzz and class. The last edition had a cooking Master class by MasterChef India Season 5 Fame Mr. Jatin Khurana and celebrity Chef Nita Mehta adding dignity, sophistication and a high enthusiasm level among the contestants. The rounds were breath-taking with contestants were seen working hard for getting their recipes right, for getting their presentation perfect together with a

scintillating track of time. There was a **CULINARY QUIZ** in the introductory edition conducted by the Jury in Edition One. As a special highlight, we also had an interaction session with **Chef Veeta Singh in conversation with celebrity CHEF NITA MEHTA** right on the floor of the event witnessed by the contestants, the student-teachers fraternity, lending deeply creative insights into various areas related to the craft: Cooking, Presentation, Hygiene etc.

Yatin and Niyamika from Shyam Lal College (Morning) came out as Winners of 2016-17 University Chef, where as Ruby and Shikha of Laxmibai College came 2nd and Tanika and Barkha of Deen Dayal Upadhyay College begged 3rd Position.

Hosts of the University Chef are looking forward to having teams from various Delhi University Colleges and other academic institutions at the February 2018 slated grand University Chef Edition THREE.

Necessary details/rules regarding the event are mentioned overleaf. Please note that **Registrations will be closed on 14th February 2018.** Edition THREE will be one full of surprises and excitement. So, all culinary enthusiasts, gear up for the big show!
